DOLE BLE — Jobs and Labor Market Forecast Q2 2026 (FIXTURE)

JOBS AND LABOR MARKET FORECAST — Q2 2026 (FIXTURE PLACEHOLDER)

Executive Summary. The labor market continues to expand across the information technology, business process management, and renewable energy sectors. Hard-to-fill occupations remain concentrated in engineering, data science, and technical trades.

Key Employment Generating Sectors. Software development, financial services, healthcare support, agribusiness, and construction lead net job creation for the quarter.

In-Demand Occupations. Software engineers, data analysts, registered nurses, electricians, and customer experience associates are flagged as in-demand in the BLE quarterly review.

NOTE: This is a synthetic fixture. It is NOT a real DOLE BLE publication and must not be treated as such for any non-test purpose.
